

# How your donation is changing kids' health at Children's Miracle Network Hospitals®

## Panda Express associates & guests raised **\$22,424,177**

Panda Express associates and guests give children a world of opportunity by ensuring that the healthcare needs of kids in their local communities are met now and into the future. Donations inspire hope and promote healing by providing specially curated programs that address each child's entire well-being, including their mental, emotional, physical, and spiritual needs. Patient services include psychological and emotional support to encourage self-expression, reduce stress, and better cope. Wellness programs, such as art, pet and music therapy, strengthen patients from within. When we improve pediatric care, we can address the most challenging health issues of today while preventing and preparing for those to come tomorrow. Thank you, Panda Express, for instilling a culture of giving and caring in local communities since 2007.
